Captain's corner

Last Tuesday was a game that will live long in the memory for us lads, not just because of the result as well as Sholing reaching the furthest ever in the FA Cup. It was how we played as a team.

Every single player played a 9/10 minimum and the subs came on and had a major impact too, it was a proper team performance. We have been demanding that kind of performance from ourselves all season and to do it in our biggest game was amazing.

But.... the result the game after wasn't acceptable especially after such a big win, we know we have to be consistent every game not just the big ones! Moving onto this Saturday there's no doubt about it we have to all hit a 9/10 in possession but a 10/10 out of possession.

We have a free hit here as no one is expecting us to win but we will always back ourselves against anyone especially when we are the underdogs and at home! We need to play with no fear and cover every blade of grass and if we still lose then that's okay but if we don't work our socks off and lose we would have let the club and our fans down! We look forward to the occasion and it's the type of occasion the new ground deserves after all the hard work that has been put in by the club, sponsors and volunteers over the summer. Look forward to seeing you all soon.

Greg's Graffiti

Wow we just seem to be moving the Boatmen in the right direction both on and off the field. Last week saw an amazing game of football which had everything including two floodlight failures but that didn't deter the tenacity the boys showed to get the result over the line. Then Saturday it was a return to another cup opportunity in the FA Trophy but it was a little like after the Lord Mayor's show falling to a 2-0 defeat. Then Tuesday after a slow start normality was regained with a Dan Mason strike on the stroke of half time to retain the Russell Cotes Cup for a second year.

So on to today's game, another occasion that will go down in the club's history reaching the 4th qualifying round for the 1st time has meant we are only 90 minutes away from the 1st round proper. Everybody's dream like Byron said we have nothing to lose today it is a free hit for us. Yes we will be under the media spotlight with BT Sport BBC Radio Solent BBC Radio Devon & BBC South all sending reporters to hope to witness an upset. The interest in this game was massive with only 400 tickets allowed to be sold they were swallowed up inside 24 hours with the demand for tickets three fold. Due to the current guidelines it has certainly impacted on how many people we were likely to have had but we have to deal with what is in front of us. Getting the home draw has allowed us to let fans in had it been at Torquay we know no fans would have been allowed to attend.

So let's get behind the boys today raise the roof at The Mackoy and make it another memorable occasion for the Boatmen and get a chance at being in the hat for Monday's draw.

Sholing Football Club History

The Boatmen have a long but fragmented history, running teams from the Woolston Works as early as 1884, when they are recorded as being refused permission by the Hants & Dorset FA to introduce fresh players as substitutes at half-time. In March 1887 they were finalists in the first Portsmouth Challenge Cup, beaten 1-0 by Portsmouth Association Club. The Club were only beaten twice in 16 games that year (goal tally 72-6) and won the last Hants & Dorset Challenge Cup before these Associations split. Woolston Works won the first ever Hampshire Senior Cup Final in 1888, beating Winchester 2-0. There was some controversy that year concerning Woolstons professional attitude, which was infamously referred to as "Kesson's Boots". Andover were beaten in an earlier round by Woolston, in which a Glasgow - based player called J. Kesson played a prominent part. Andover protested that Kesson should be disqualified on the grounds of residency - although he had played for Woolston Works earlier that season, he had since moved back to Glasgow. Woolstons appeal rested on the fact that Kesson had left a number of clothing items at his lodgings in Woolston, and this should be interpreted as his intention to return. The Hampshire FA upheld the appeal and allowed Kesson to play. Re-forming after World War 1 as Thornycrofts (Woolston), they turned professional and were admitted into the Hampshire County League from 1920/21 to 1925/26. In 1920/21 Thornycrofts reached the FA Cup First Round proper, meeting first Division Burnley at Fratton Park, and held them to a 0-0 draw, before losing 5-0 in the replay. Burnley were in the middle of a 30 game unbeaten run and went on to win the first Division Championship. Thornycrofts Woolston re-formed in 1947 but were only able to keep going until 1952. The Club were re-formed as Vosper Thornycroft FC in 1960 and joined the Southampton Junior League. After several successful years, Vospers were promoted to the Hampshire League Division 3 in 1991. The following season they were promoted to Division 2.

1997/98 saw Vospers as Hampshire Division 2 Runners-up and also Hampshire Intermediate Cup Winners. In 2001/02 Vospers won the Southampton Senior Cup.

2002/03 Vospers were re-named as VT FC (after the parent company), and saw the Club as Runners-up in the Southampton Senior Cup.

2003/4 saw VT as Hampshire Premier League Champions, Southampton Senior Cup Winners and promotion to the Sydenhams Wessex League Division 1.

2005/06 VT Reserves won the Southampton Senior Cup at St Mary's Stadium which gave the club their 3rd victory in 5 years.

2006/07 was a great season for the club. The first team finished in third place and the reserves finished runners-up in Combination 1 and they also won the Southampton Senior Cup again. The Club's 4th victory in 6 years.

2007/2008 The 1st team were Runners-up to Totton in the Premier League and the Reserves won 3 out of 4 trophies. They are the Sydenhams (Wessex) Combination 1 League Champions, the Southampton Senior Cup Champions (for the third consecutive year) and the Sydenhams (Wessex) Combination Cup Champions. They missed out on the Hampshire Intermediate Cup by losing to Nursling in the semi-final which was the ONLY defeat they suffered all season. An achievement to be proud of.

2008/09 was equally a very successful season with the first team again Runners-up in the Wessex Premier, this time to Poole Town. They were Wessex League Cup Winners with a close 2-1 victory over Hamworthy United. Runners-up in the Hampshire Senior Cup with a narrow 1-0 defeat against Fleet Town. Reserves again won Wessex Combination 1 and the U18 Youth team made a clean sweep winning four trophies i.e The League, The League Cup, The Hampshire FA Youth Cup and the Echo Floodlit Cup....what a great season.

2009/10 In our very first season in the Zamaretto Southern League we finished a creditable 4th (play-off position) in the South & West Division and finished Runners-up in the Red Insure League Cup after going so close and finally losing on penalties to Cambridge City. The Reserves regained the Southampton Senior Cup at St Mary's defeating Team Solent 2-0....the sixth time in the last ten years the Club has won it.

The Club changed their name in July 2010 to Sholing FC after the parent company VT Group were no longer in existence.

2010/11 In only their second season in the Southern League South & West, the 1st team reached an incredible 2nd place, only 2 points behind AFC Totton. Also Hampshire Senior Cup Finalists at St Marys losing 3-1 to AFC Totton. The Reserves gained an incredible Double by winning the Wessex Combination League and League Cup in its Final year.

2011/12 For the third season on the trot we once again reached the playoffs only to fall at the first hurdle by a 1-0 away defeat by Gosport. The reserves copied last year's achievement by winning the League and League Cup in the newly formed Wyvern League.

2012/13 Despite being bottom of the league just before Christmas, the first team went on an incredible run in the second half of the season and finished 7th in the Southern League South & West. The Reserves once again won the Wyvern League, this time going unbeaten the whole season. The club made the difficult decision to voluntarily drop out of the Southern League South & West (step 4) and into the Wessex League Premier (step 5). With the focus of the club turning to developing the Silverlake Arena, we didn't want to financially extend ourselves and sink into debt.

2013/14 Back in the Wessex League Premier Division saw the club playing lots of old local rivals and the first team got off to a storming start to the season and it wasn't to be until February when we were first defeated. However, due to terrible weather & cup commitments, the club barely played in January & February, meaning a huge backlog of fixtures in the final weeks of the season. Despite having to play 20 games in 30 days, including NINE successive away games, Sholing won the League with 104 points and a goal difference of +105. The Reserves made it a hat-trick of Wyvern League titles in the most thrilling way, scoring a goal in injury time in the last game of the season, to deny Portchester the title. They also won the Southampton Senior Cup at St Mary's. Of course, the FA Vase win will be what most people will remember from this season, the greatest honour in the club's history. Back in October as we faced Winchester in the 1st round, no one was dreaming of Wembley, but as the rounds were ticked off, we started to get the feeling that this would be our year. So on the 10th May 2014 at the home of football, Wembley Stadium, backed by over 3,000 fans, Marvin Mclean scored the only goal and Byron Mason & Dave Diaper lifted the Vase. In a whirlwind of activity that followed, the team paraded the FA Vase in front of the Southampton FC fans at St Mary's, were given an official reception by the Mayor of Southampton and appeared on both local TV stations. After 15 years in charge of the first team, Dave Diaper handed over the reins to Dave Fear & Mick Marsh, in order to concentrate on the Ground redevelopment (for which the club has kindly received backing and grants from Sport England & the FA to build a new clubhouse and 3G pitch). We also said a fond goodbye to players Marc Diaper, Tyronne Bowers & Lee Bright, who all decided to "retire at the top" after Wembley. After 37 years as Secretary and then becoming Vice President we lost Arthur Fox to cancer but he achieved his dream by attending the Wembley final.

2014/15 Club was granted promotion back into the Southern League South & West division. After 21 matches in charge Mick Marsh & Dave Fear stepped down from their managerial role leaving Chairman Dave Diaper to step back into the fray alongside Stuart Hussey. Sholing finished in 17th position having been in that position for 32 weeks. Sholing reached the semi-final Russell-Cotes cup and the final of the Hampshire Senior Cup losing out 3-0 to Gosport Borough at Fratton Park. Ground grading issues saw Sholing relegated back to the Wessex League. The Reserves much like the 1st team had a change of management part way through the season with Martin Tongs stepping up from U18's to take charge. The Wyvern title eluded them this season losing out to AFC Portchester and had to settle for runners up and the two cup competitions saw them runners up again to Petersfield Town in the League Cup but were successful in the John Stimpson Memorial Shield beating AFC Totton.

2015/16 Following a ground grading issue Sholing returned back to the Sydenhams Wessex League. Sholing welcomed Darren Burdle into the coaching staff. A remarkable season for Sholing as ten players from within the under 18 ranks made their first team appearances something that has never happened before. Cup disappointments meant the season was all about the League and Sholing finished the season Runners Up to Salisbury losing one home League game which was our first game against Moneyfields the only team to do the League double over us. Dan Mason was pipped by former Sholing striker Sam Wilson on the final day of the season to deny Dan being the League's leading scorer.

2016/17: Behind the scenes saw another change in management within the Development side with Iain Calder Steve Ross & Steve Blackburn taking over the reins. Finishing 4th in the League and reaching S/F of JSMS & ¼ Final of SDFSA Sen Cup. Sholing FC were rocked in Dec 16 with the sudden death of Coach Darren Burdle aged 50. Sholing FC finished season 3rd with Dan Mason again being the leading marksman. Sholing completed a cup double winning the Sydenhams Wessex League Cup then 52 hrs later lifted the SDFSA Senior Cup for the 9th time at St Mary's.

2017/18: The season like last season saw changes in management with Development manager Iain Calder stepping up to 1st team coach. Steve Blackburn & Curtis Osbourne along with Steve Ross took on the Development role and took the U18's to the 1st Round of the FA Youth Cup. Steve & Curtis left the club midseason with Patrick McGonigle and Steve Terry doubling up their roles with U18'S and Development with Steve Ross. The 1st team finished third in the Sydenhams Wessex League and failed to defend both trophies losing out in the semi-finals in both competitions. The Development side finished mid-table with many U18's stepping up to the Development side. The U18's won the HCY League Cup and a number of the U18'S featured in 1st team games.

2018/19: Sholing won the Sydenhams Wessex League title with 8 games remaining of the season & promotion back to Bet Victor Southern League South a winning double was achieved beating Christchurch to win the Russell-Cotes Cup for the 1st time in their history. The Reserves finished runners-up in The Wyvern Combination League Premier Division with the U18's losing out on penalties to Moneyfields in HCYL League Cup Final.

2019/20: After a slow start in the league, the Boatmen picked up form after Christmas and quickly climbed from the bottom 3 to 10th place and were looking good for a possible late run for the play-offs, before the season was sadly halted by the Coronavirus outbreak. Sholing created club history by reaching the First round proper of the FA Trophy for the first time, losing out in the tie to a very good Bath City side. Off the pitch, the new clubhouse was opened in December by James Beattie. Also, plans have been approved for a new changing room building and we secured new naming rights for the ground to be called the Mackoy Stadium. During the lockdown we lost club stalwart Ray Tyrrell another club legend who will be sorely missed.

Sholing F.C. Management Team & Players 2020/21

Dave Diaper - joined the club as manager in season 1999/00 from B.A.T. Former Southampton Schools and Hampshire Representative Player. Sholing FC's Chairman Gerry Roberts hoping luck holds out in FA Cup

Gerry Roberts hopes he'll be celebrating doubly hard this weekend as Sholing FC prepare for one of the biggest games in the club's history.

For the chairman of the Southern League South Division One club not only won the jackpot after buying the winning ticket in the My Club Lotto 50/50 weekly lottery, he hopes his side can knock high-flying Conference Premier side Torquay United out of the Emirates FA Cup on Saturday.

"We are in the fourth qualifying round and this is as far as we have ever gone. It is an historic moment for the club," said Roberts.

The 59-year-old managing director of an electrical wholesale firm netted a cool £1,000 for himself and £100 for Sholing FC after the Southampton-based club joined a growing number of rugby, football, cricket and other grassroots sports clubs taking advantage of the revenue sharing scheme and other commercial services offered by My Club Market. My Club's unique lotto game helps boost much-needed income for grassroots clubs, with revenue from every ticket purchased going back to the club.

Roberts said: "As a club, we also won the [My Club Lotto](#) ambassador experience a few months back, as we sold the most Lotto tickets in the month. We've got either Sam Allardyce or John Salako coming down sometime after the pandemic is over. We have to sort out that, but we are really looking forward to that.

"It would be great to see Sam Allardyce. I remember watching him when he played for Bolton and he was one of the original big animals who would kick your granny!

"A few of us put a standing order in each week to buy tickets to the Lotto. I subscribe personally, and a few members do, too. It helps the finances (of the club).

"We opened a new clubhouse last November – we'd had the same clubhouse for fifty years and it was dilapidated. We also had new changing rooms opened last month, so it will be good to show them off to those fans who perhaps coming to the The Mackoy Stadium for the first time this weekend, and to the My Club ambassador when that is arranged." However, Sholing will miss out on what should be a lucrative pay-day because of Covid-19 epidemic restrictions placed upon them.

"The problem on Saturday is that they have sealed our gate at 400 and we can't have any Torquay fans in – we can't sell any tickets to them," said Roberts.

"Torquay would have brought over 1,000 fans and we could have sold at least another 400 to our own fans, so we could have got around the 2,000 mark. It is disappointing, but we just have to get on with it. It is what it is, and we just have to do the best we can."

Torquay United have made a flying start to the new Conference Premier League season, winning four of their first five games, capped by a 2-0 win over Dover last weekend. They sit second in the table behind Stockport County on goal difference with designs on returning to the Football League after a six-year absence.

Roberts is well aware of the task facing The Boatmen on Saturday.

He added: "Torquay are three divisions above us, and with my optimistic hat on, we'll give them a game.

"We won the FA Vase in 2014, so we are not a bad side and we beat a team a division above us 5-2 in the last round (Walton Casuals). We are a decent side, but logically, even if they play averagely, they should beat us. But if they have a really off-day and we have a really good day, we have a chance."

Sholing have also made a bright start to the new campaign and are just four points behind leaders AFC Totton in Southern League Division One, having played one game fewer.

"We have been tied up in the cups," said Roberts. "We won three (of five games) and the weekend before last we went to Cirencester, who had won all four games and not conceded, with five players ruled out – and we won 2-0.

"I would be very surprised if we were not in the top five or six at the end of the season. Optimistically, we would like to finish in the top two, but we all know what football is like."

The Gulls will have to keep a close eye on brothers Dan and Byron Mason if they are to avoid a major upset.

Striker Dan Mason, in particular, has attracted the attention of some higher profile clubs.

Roberts explained: "Dan scored 64 goals the season before last and about 35 last year when we went up, but Byron is a great leader and captain. He is like a Roy Keane, a growling, angry player who drives everyone on.

"We played Conference side Slough in the FA Cup a couple of years ago and we drew with them up there, and took them to extra-time at our place. We have had some quite good runs in the Cup. Weymouth subsequently came in for Dan and made him a couple of offers and Gosport Borough have also been in for him.

"In this part of the world, we are a pretty high-profile club and we have a good side. So, we get lots of people coming to look at our guys.

"Most of them have been together for a few years and we are very tight-knit. We very rarely get anyone leaving. In fact, one guy left this week to go to Gosport, which is a level above, but he couldn't get into our side every game and he wanted to play every game.

"Either way, win, lose or draw, this will be another big opportunity for our players to show what they are about. We just wish more people were allowed in to watch."
